

CALIFORNIA TRANSPARENCY IN SUPPLY

Blaze Pizza is always focused on making intelligent choices for our pizzas, people, & planet. The quality and sourcing of our ingredients are of the utmost importance to us. We've committed to Keepin' it Real with clean food made without artificial colors, flavors or preservatives. This means that we also need to hold our partners and suppliers to the highest standards in terms of the ingredients we purchase and the treatment of their workers.

We ensure that the policies below are held in the highest regard and monitor our suppliers to enforce compliance.

We comply with all local, state, federal, and international labor laws regarding human rights and we do not knowingly employ slaves or trafficked individuals.

We hold our suppliers to the highest standard and they agree to adhere to all ethical and legal employment standards. We visit our suppliers' facilities and farms, both announced and unannounced, to make sure that the utmost care is taken for our ingredients and the amazing workers who pick, pull, and pack the toppings that bring our pizzas to life.

Any suppliers who violate our human rights and labor standards will be terminated.

We're continuously looking to improve our standards as it relates to the California Transparency in Supply Chain act and always will lead the way to eliminate the use of human trafficking and slavery across the restaurant world.
